

**FOR PROFESSIONAL USE ONLY**

**DIRECTIONS FOR USE**

Pour 2 to 4 oz. FOAM KILL directly into vacuum hose to eliminate foam in hose and extraction tank.

For excessive foam in carpeting, FOAM KILL may be mixed with three parts water and sprayed directly onto the carpet. This method should only be used for extreme foam problems.

# FOAM KILL

**Net Contents: 1 Gallon (3.78 Liters)**

**CAUTION: Keep Out of Reach of Children  
Do not take internally**

## FOAM KILL

Versatile foam control agent for elimination of excessive shampoo suds in extraction cleaning systems. Controls foam on the floor and prevents clogged hoses and overflow of vacuum recovery tanks.

Can be applied either directly to your Vac Tank or Extraction Tank or mixed and sprayed on carpet prior to cleaning.

**FOAMKILL: PRODUCT #706**
