

FORMULATED SPECIFICALLY TO CLEAN COTTON AND HAITIAN UPHOLSTERY FABRICS.

HAITIAN KLEEN CAN ALSO EFFECTIVELY CORRECT MOST PREVIOUSLY BROWNE HAITIAN OR OTHER COTTON FABRIC BY USING THE CLEANING PROCEDURES BELOW.

DIRECTIONS FOR USE: Prior to applying this product, perform the following steps:

1. Pre-inspect fabric for damage and possible pre-existing problems.
2. Pre-vacuum entire piece of furniture.
3. Pre-test a small inconspicuous area for compatibility with HAITIAN KLEEN.

Dilute HAITIAN KLEEN as follows:

1. Add 1 part HAITIAN KLEEN to 4 parts warm water. Example - 1 quart (32 oz.) to 1 gallon warm water to make 5 quarts of cleaning solution. Apply the cleaning solution as a FOAM only in the following manner:

Hand Application

1. Whip the cleaning solution into a foam.
2. Dip a sponge into the solution and squeeze out excess moisture.
3. Then pick up only the foam on the sponge surface and apply using a back and forth motion traveling in the direction of the fabric Warp.
4. Only apply to a small area at a time and immediately wipe that area with a clean, white, dry towel to absorb moisture or use the vacuum only of any upholstery carpet extraction equipment to remove moisture.

HAITIAN KLEEN

Biodegradable Upholstery Shampoo for Haitian and Cotton Fabrics

**CAUTION: Keep Out of Reach of Children
Read Directions and Caution Statement on Back Panel
Before Using.**

1 Gallon (3.78 Liters)

Machine Application

1. Use a foam generating upholstery machine which can also immediately extract. Check machine manufacturer's direction for proper machine use.

Proper drying is very important to successfully clean cotton fabrics. Direct air flow from an air mover or other similar air moving device so that the air is moved across the fabric, NOT into it. This allows the air to lift the water off the fabric and into the ambient air space.

CONTAINS BISULFITE.

CAUTION: Use in well ventilated area. Avoid eye contact. Avoid prolonged skin contact to avoid skin irritation. On contact with eyes or skin - flush thoroughly with water. If irritation persists, seek medical attention. Do not take internally. Do not reuse container. Before disposing rinse with water. Dispose according to applicable local, state, and federal regulations. Always test fabric for dye fastness before using this product.
