**MLD**

MLD cleans thoroughly, without irritating hands or damaging surfaces. This high-foaming detergent is excellent for hand washing dishes and glasses, easily emulsifying and dispersing hard-to-remove soils. MLD quickly cleans wood, metal, rubber, plastic, or painted surfaces, while its special formulation leaves hands soft and smooth. It also softens the water.

- Mild -- will not irritate or dry out skin.
- Environmentally friendly -- biodegradable and phosphate free.
- Versatile -- ideal for greasy soil on water-safe surfaces or laundry.

**Directions and Applications:**

For dishes, utensils or glasses, add one ounce per 5 gallons hot water. Rinse in hot water and drain dry. For delicate fabrics, add 1/2 ounce detergent per gallon warm water. For automobiles, painted surfaces or floors, add 1 ounce to each gallon water.

**First Aid:** Avoid eye contact. For eye contact, flush with water for at least 15 minutes. If irritation persists, contact a physician. Please refer to the Material Safety Data Sheet for detailed safety information and procedures. In case of emergency, call 1-800-255-3924.

**Only for Sale to, Use and Storage by Servicepersons.**
