N B D

Knapp NBD is a highly concentrated industrial strength cleaner and degreaser especially compounded for use with mechanical cleaning devices. It contains no butyls or other solvents and creates no toxic or unpleasant vapors. It works equally well against petroleum, animal oils, vegetable oils and fats.

DIRECTIONS FOR USE

FOR NORMAL, GREASY SOIL: Dilute with 20 parts of water (6 oz. per gallon).

FOR HEAVY DUTY DEGREASING: Dilute with 10 parts of water (12 oz. per gallon).

FOR USE IN AUTOMATIC SCRUBBERS: Dilute as above. Where possible, on the first pass, apply solution and scrub without picking up, then rescrub and vacuum up on second pass.

FOR USE IN PRESSURE WASHERS: Dilute as above. Spray on. On verticle surfaces, start at bottom and work up. Rinse with clear water.

FOR STEAM CLEANING: Dilute in solution tank as above. Adjust the solution tank valve to obtain amount of cleaner required for different conditions.

FOR SOAK TANKS AND ULTRASONICS: Dilute as above. Soak parts to be cleaned. Dry with air hose.

DANGER: Corrosive to Skin and Eyes

Contains 2 to 5% free sodium hydroxide. Avoid contact with eyes and skin. Wear eye shield, rubber gloves and protective clothing when handling concentrate or cleaning where solution may be splashed.

FIRST AID: Eyes - flush with plenty of water. Call a physician. Internal - give large quantities of vinegar or fruit juice. Call a physician. Skin - flood with water and wash with vinegar or lemon juice. If irritation persists call a physician.

Please refer to the Material Safety Data Sheet for detailed safety information and procedures. In case of emergency call 1-800-255-3924.

Only for Sale to, Use and Storage by Servicepersons.
